

Feel the island breeze while riding electric assist bicycles!

OKI Island Cycling Tour

Cycle to the beautiful coast and feel the island breeze!

Take a guided cycling tour through the village roads, the areas where the locals live, the straight paths of the fields, and to the coast to see the unusual rock whose center looks like a heart. Riding on electric assist bicycles, you can easily climb the steep roads.

Program Highlights

① A glimpse of life on the island

By slowly cycling through the back alleys, shrines, elementary schools, and the straight paths of the fields, you can experience the islanders' everyday life.

② Rare heart-shaped rock

You will be guided to Akiya Coast, the home of "Heart Rock," a rock with a heart-shaped hole in its center.

③ Electric assist bicycles

You can enjoy easy cycling on slopes by using electric assist bicycles.

④ Enjoy the peaceful island

While cycling, you can feel the island with your five senses, such as the sound of the wind and insects, and the smell of fields and the sea.
