

Relax in the Japanese countryside!

Nichinan Town Tourism Association

Daisen/Country Cooking Experience in an Old Private House

Experience in the Country Cooking Program

① Cooking with Local Materials

Depending on the season, you can pick up and cook wild vegetables. This is a cooking experience not available in the city, containing the process of cooking rice with a furnace. You can also experience making konjac.

② Complimentary Homemade Honey

“Katsumiya” has honeybees and can serve homemade honey. Enjoy healthy country food and honey.

③ Relax and Refresh

Take your seat at the veranda and spend a relaxing time.

④ Elegant Monpe (with additional charge)

We design the traditional Japanese work clothes “monpe” in a modern style and sell them. Enjoy the country cooking experience in a fashionable monpe!

Try cooking with your “mom and dad” in the countryside

“Katsumiya” is a guest house in a renovated old private house run by a cheerful couple who will teach you how to cook using local ingredients. You can make your own lunch with ingredients unique to rural areas.
